

Cloverleaf North Community Meeting

Let's Beautify Our Community Together!

Join your neighbors for a focused conversation about improving our shared green spaces around the building perimeter and entry driveway.

Tuesday Evening • 6:30 p.m. • Social Room

What we'll discuss:

- Review the current landscaping situation and gather resident ideas.
- Create a practical work list to pass to our OWHA representatives.
- Explore forming a Cloverleaf North landscape club, team or committee.
- Enhance perimeter landscaping for curb appeal, privacy, seasonal color, and low-maintenance upkeep.
- Meet with Cloverleaf South to learn from their landscaping committee and entry driveway improvements.

All residents are warmly welcome — especially those passionate about our community's appearance and green spaces.

Your voice matters — help shape the plan!
