

Grill Team Volunteers Wanted

Hi! Do you like to barbecue? Do you use our grills down by the pool? Did you know that our grills are cleaned and maintained by volunteers, not by the maintenance staff?

Job description: A grill team member picks a month to periodically check on the grill and clean, as necessary. If a spare tank needs to be re-filled or if a repair is needed, the grill team member contacts Jack Ottoson. Also, grill team members cover for each other if a grill member cannot do their whole allotted time.
